Things to Remember and Take Away

- Our job is to accomplish two things:
  - The first is to win wars; the second is that our soldiers deserve nothing less than the best. Let's give it to them…
- The ATHD is only as good as the agents who operate it (That's you…, Remember what you have learned)
- Contact your Manager or the ATHD Core Staff (ATSC) if you require assistance in any aspect of the operation of the ATHD (We are here to help)
- "The soldiers you train today will lead your children into combat tomorrow"
